

Growing Readers Club:

Something great to grow in!

Your child will be bringing home library and classroom library books throughout the year and what a great opportunity to introduce everyone to the new Hatley Reading Program also known as the *Growing Readers Club*. The reading program is designed to encourage students to increase their independent reading. The program is built around simple record keeping. The following guidelines are to be followed:

1. The child reads a book - any book or audio book from any place - home, school, public library!
2. The title is recorded on the book club list. The sheets may be picked up in the library or your teacher's room.
3. Picture books count as one line on the recording sheet.
4. For books over 50 pages in length, every 25 page segment may be counted as one book. For example, if the book has 100 pages, it is worth 4 lines on the recording sheet.
5. *Younger children* may include books that have been read to them. Older students may count books that they read to younger children.
6. Sheets must be signed by a teacher, parent or guardian to verify the successful completion of reading the book. Books read at school may be counted on the reading list as well.
7. Completed sheets are to be turned into the teacher or library and new blank sheets will be made available.
8. The reading lists and totals will follow the student throughout their years at Hatley.
9. All record keeping will be handled by the IMC volunteer or staff.

REWARDS FOR READING CLUB
